1. OVERVIEW

A. Introduction

This Notice of Funding Availability (“NOFA”) represents the first funding opportunity by the Los Angeles County Affordable Housing Solutions Agency (“LACAHSa” or the “Agency”). The funding opportunity embodies the mission, vision, and purpose of the Agency: to propel the production and preservation of affordable housing forward using new strategies and new resources. LACAHSa is not intended to be duplicative of the existing affordable housing finance landscape in Los Angeles County (the “County”); it is intended to be additive and to scale up tools that have been tested at a smaller scale.

What follows in this NOFA is a detailed breakdown of the tools (“Financing Products”) that the Agency intends to make available—and the corresponding opportunity for the affordable housing community to propose creative structures and approaches that utilize these tools to maximal effect. LACAHSa looks forward to the proposals and long-term partnerships that this funding opportunity will inspire.

We invite a diverse range of applicants to submit proposals that represent the range of LACAHSa’s strategies, from community-owned naturally occurring affordable housing preservation, to developer partnerships that create new affordable housing using social-bond proceeds, to mixed-income social housing.

B. Background

LACAHSa is a newly formed independent regional governmental agency that is charged with increasing the production of affordable housing, preserving existing affordable housing stock, and protecting low-income tenants from eviction and displacement throughout Los Angeles County. LACAHSa was created by the California Legislature in 2022 through the Los Angeles County Regional Housing Act (Senate Bill 679, codified at Cal. Government Code sections 64700 et seq.),¹ which establishes legal requirements for the distribution of LACAHSa’s revenues. In November 2024, the County’s voters passed Measure A, a half-cent sales tax to fund homelessness and homeless prevention programs. Measure A is anticipated to raise approximately \$1.1 billion in annual revenue, and 35.75% of that revenue—estimated to be approximately \$393.25 million—must flow to LACAHSa.

Measure A’s transactions and use tax became effective on April 1, 2025, and LACAHSa has begun to receive monthly tranches of revenue from the tax. A portion of this revenue is dedicated to LACAHSa for the purpose of creating new units of affordable housing or deepening/preserving the affordability of existing housing stock. LACAHSa is looking to quickly invest these revenues for their intended purposes.

SB 679 authorizes LACAHSa to incur debt and enter into agreements in order to carry out its statutory purposes. To this end, LACAHSa is preparing a transaction to utilize tax-exempt (as applicable) debt financing, secured by LACAHSa’s Measure A revenue stream, to accelerate the

¹ This NOFA refers to the Act as SB 679. These references are intended to be to the codified sections, as amended through subsequent legislation.

availability of immediate funds for investment. LACAHSa anticipates raising over \$200 million dollars to be available to fund exceptionally qualified projects. This NOFA is intended to identify projects to fund through this initial debt offering.

LACAHSa is governed by a 22-member Board of Directors (the “Board”), with 21 voting members. The Board consists of local government representatives and housing industry experts. Under SB 679, the Board must approve LACAHSa’s funding of affordable housing projects. The Board has formed an Investment Review Committee (“IRC”) consisting of six of its members and a member of LACAHSa’s Citizens’ Oversight Committee to establish policies related to housing investments and make recommendations to the Board on projects to fund. The IRC will consider applications under this NOFA and make recommendations to the Board. The final decision to select and fund projects is within the sole and absolute discretion of the Board.

C. NOFA Timeline

The NOFA process will proceed according to the following schedule:

Board meeting to select projects	Week of April 20th, 2026
Selected projects notified	Week of April 27th, 2026

D. Meeting to Select Projects for Next Steps

The IRC will review and make recommendations to the Board at its meeting during the week of April 6th, 2026. At a meeting during the week of April 20th, 2026, the Board will select projects for next steps, which may include, but are not limited to, authorizing staff to issue a letter of intent

to fund a project or enter into an exclusive negotiation agreement (that may produce a letter of intent).

E. Important Resources

All projects funded by LACAHSa are subject to the legal requirements of SB 679 and Measure A. LACAHSa cannot grant exceptions to such legal requirements under any circumstances. Applicants should familiarize themselves with SB 679 and Measure A.² Even if not set forth in this NOFA or in an eventual loan agreement, the requirements will nonetheless apply to the use of LACAHSa funds.

The LACAHSa Board has adopted Transitional Program Guidelines (“Program Guidelines”) that contain additional LACAHSa policies and guidance, as well as relevant applications and interpretations of the legal requirements governing LACAHSa funding. The Program Guidelines are available on LACAHSa’s website at www.lacahsa.gov.

The LACAHSa Board has also adopted an Annual Expenditure Plan, which sets forth the eligible uses of LACAHSa’s revenues. The Annual Expenditure Plan is also available on LACAHSa’s website.

F. Public Integrity

As a government agency, LACAHSa’s transactions are strictly subject to state laws related to public integrity and conflicts of interest. Applicants will be held to strict ethical standards. The Levine Act (Government Code section 84308) applies to funding decisions made by the IRC and the Board in relation to this NOFA. As further provided herein, applicants will be required to disclose campaign contributions made to members of LACAHSa’s Board as part of the application process, and such contributions may require those Board members to disqualify from participation. Additionally, the Levine Act will prohibit applicants from making campaign contributions to members of LACAHSa’s Board during the pendency of an application and for one year following the Board’s final decision on funding.

2. PROGRAM DESCRIPTION

A. Authorizing Legislation and Regulations

LACAHSa was created, and its governing regulations were established, pursuant to Senate Bill 679 (SB 679; September 2022) stipulating the addition of Title 6.9 (commencing with Section 64700) to the Government Code. Funding to LACAHSa includes funds directed to LACAHSa pursuant to the Los Angeles County, California Measure A, Sales Tax Measure (November 2024).

² SB 679 is codified at Government Code section 64710 through 64832, available here: https://leginfo.ca.gov/faces/codes_displayexpandedbranch.xhtml?tocCode=GOV&division=&title=6.9.&part=1.&chapter=&article=&goUp=Y. Measure A is codified as Ordinance 2024-0062 and is available here: https://file.lacounty.gov/SDSinter/lac/1183984_MeasureAOrdinance.pdf.

B. LACAHSAs PPO Program

Pursuant to SB 679 and Measure A, at least 60% of LACAHSAs revenues must be used for “PPO” the *production* of new affordable housing units, the *preservation* of existing affordable units (or conversion of existing units to affordable units), and programs for affordable home *ownership*. Of this amount, at least 77.25% must go to production or creation of new or affordable housing units, as defined in the PPO guidelines.

Funds under the PPO category are split between LACAHSAs and 13 Eligible Jurisdictions,³ with 70% passing through to the Eligible Jurisdictions and 30% remaining with LACAHSAs. A portion of the 30% LACAHSAs share will be used to secure debt to accelerate immediately available funds. This NOFA reflects funding available to LACAHSAs from this 30% share.

The purpose of the PPO Program is to leverage Measure A revenues to find efficient, sustainable, and innovative ways to increase the affordable housing stock within the County. The Program will look to invest in various projects that may meet one or more of these goals: social housing projects, shovel-ready projects that can quickly add units, projects that serve underserved or vulnerable populations including persons with disabilities, projects that contain supportive services or other services that are likely to keep individuals housed that are at risk of homelessness, innovative projects that provide new or unique approaches to providing affordable housing, and projects that deepen affordability.

For more information on the PPO Program, please see Section 2 of LACAHSAs *FY 2025-26 Expenditure Plan & Agency Strategy* (available [here](#)) as well as the PPO Program Guidelines (available [here](#)).

C. Available Funds

The LACAHSAs Board has approved a budget of \$252,012,600 for PPO uses, including multifamily rental housing and homeownership. This NOFA solely provides funding for multifamily rental housing, in the approximate total amount of \$210,967,600, assuming proceeds of bond issuance (in the absence of bond proceeds, approximately \$51,467,100 would be available). The total amount of funds and the final amounts available for each funded activity will be subject to updated revenue projections, final debt financing terms, and demand demonstrated by the responses to this NOFA. Preliminary funding amounts by activity type are as follows:

Activity	Approx. Funds
Multifamily Rental—Large Projects, New Construction (Capital and Subsidies)	\$151,415,000
Multifamily Rental—Small Projects, New Construction (Capital and Subsidies)	\$30,283,100
Multifamily Rental—Preservation (40+ units)	\$12,013,300
Multifamily Rental—Preservation (5-39 units)	\$17,256,200
Total	\$210,967,600

³ The County of Los Angeles; the Cities of Los Angeles, Long Beach, Glendale and Santa Clarita; and the various regional Councils of Government within the County.

D. Eligible Applicants

LCAHSA invites both nonprofit and for-profit housing developers (“Sponsors”) to apply for funding under this NOFA. To be eligible for to apply for funding, the legal entity applying for funding under this NOFA (the “Applicant”) must be the entity that will own or otherwise control the proposed project.

Because LCAHSA intends to fund loans primarily using tax-exempt bond proceeds, unless specifically noted in the relevant term sheet for each financing product (each, a “Term Sheet” and included in [EXHIBIT C](#)), the selection process will heavily favor projects owned by nonprofit organizations (i.e., entities compliant with the requirements of Section 501(c)(3) of the U.S. Internal Revenue Code)—or an LLC or LP that is 100% controlled by one or more nonprofit organizations—that (a) have the charitable purpose of “lessening the burdens of government,” (b) have the intention of adding such purpose to the organization’s articles of incorporation in advance of closing, or (c) are otherwise eligible to receive tax-exempt 501(c)(3) bond proceeds for the proposed project by virtue of the organization’s charitable purpose and the project’s proposed affordability mix (an “Eligible Nonprofit”). While, for the purposes of this preference, the project owner must be an Eligible Nonprofit as described above, a for-profit organization may enter into eligible development and/or asset management agreements with the nonprofit, so long as such agreements are structured to maintain the tax-exempt status of the LCAHSA 501(c)(3) bond funding.

In addition to the typical formation documents required of all owners (e.g., articles of incorporation, bylaws), where applicants are required to establish ownership by an Eligible Nonprofit (i.e., to comply with a NOFA requirement or preference), they must also provide the following documentation at the initial application stage:

- IRS 501(c)(3) determination letter;
- Acknowledgement that they will be required to secure an unqualified 501(c)(3) opinion regarding status of the Eligible Nonprofit prior to closing;
- Any history of securing unqualified 501(c)(3) opinions in the recent past (including identity of the opining law firm); and
- Proposed income restrictions with set-asides and terms that are consistent with federal tax law.

In the case of an eligible proposal that contains development and/or asset management agreements between an Eligible Nonprofit and an unrelated non-501(c)(3) entity, LCAHSA will evaluate proposals through a reasonableness framework, prioritizing sustainable development and operations structures. In the case of such a structure, applicants must provide:

- Evidence (such as organizational charts, composition of boards of directors, and the identification of corporate officers) that the Eligible Nonprofit owner and non-501(c)(3) entity are unrelated;
- A draft and/or term sheet for agreements between the Eligible Nonprofit owner and the non-501(c)(3) entity; and
- Disclosure of all development fees, asset management agreements, subordinate debt, or other financial interests between development entities, with a proposed reasonableness justification as appropriate.

Please note that Community Land Trust (“CLT”) projects are encouraged to apply under this NOFA as well as under the separate NOFA specific to CLT and NOAH (i.e., “naturally occurring affordable housing” as such term is defined in [EXHIBIT C](#)) projects that is anticipated to be issued in the first quarter of 2026.

E. Eligible Projects

Projects must be multifamily rental projects, meeting the specific requirements of the respective Financing Product for which the Applicant is applying. Any such project must be located in any incorporated or unincorporated portion of Los Angeles County. As described in the Product Term Sheets, a project’s eligibility for a particular product varies based on a number of factors including:

- Status as a new-construction, acquisition, or acquisition/rehabilitation project
- Presence of existing subsidized affordable housing or NOAH units
- Level of rehabilitation (e.g., Substantial or Light)
- Use of other LACAHSAs financing products
- Status as a LIHTC or non-LIHTC project
- Whether or not stabilized
- Depth of affordability
- Type of ownership

F. Eligible Uses

Eligible uses of LACAHSAs funds (the “Eligible Uses”) are set forth on pages 22-47 of LACAHSAs Annual Expenditure Plan. Among other requirements contained therein, 77.25% of Measure A funding directed to PPO must be directed to new construction. The balance, or 22.75%, may be used for “...any eligible PPO program including construction, preservation, acquisition, rehabilitation, ownership, and rent and operating subsidies.”

[LACAHSAs to clarify (1) the extent to which Agency funds may support non-housing uses in projects and (2) that community serving uses or service space are not treated as commercial retail for purposes of such eligibility determination.]

G. Financing Products

Based on the Eligible Uses and consistent with extensive discussions with the affordable housing development community, LACAHSAs has created 9 financing products—including 7 loan and grant products and 2 rental and operating subsidy products—for which Applicants may apply. See [EXHIBIT C](#) for definitions of terms not already defined.

1. Loan and Grant Products

The complete terms, limitations, and requirements for each of the above Financing Products are described in the Term Sheets included in the *Product Terms, Scorecard, and Document Checklist* document for each product contained in [EXHIBIT C](#).

H. Permissible Financing Product Combinations

Applicants may submit applications for the allowed combination of Financing Products as shown in [EXHIBIT G](#). Applications with impermissible combinations will be rejected.

I. Ineligible Activities

LACAHA funds can only be used for affordable housing projects. As a general rule, LACAHA may be able to fund units up to 120% of Area Median Income (“AMI”), but SB 679 also contains certain more stringent affordability requirements depending on the nature of the project and the funding. Affordability requirements are set forth in the Program Guidelines and described in detail for each Financing Program in the applicable Term Sheet.

LACAHA funding cannot be used for homeless services. LACAHA may fund permanent supportive housing, but the funding for the supportive services must come from other sources. LACAHA may only fund permanent housing units. Funding may be used to convert temporary housing to permanent units, but LACAHA cannot fund temporary or transitional housing.

LACAHA funds may not be used to finance units required *solely* by law or entitlement (e.g., inclusionary or density bonus-mandated units). LACAHA may fund eligible units within a project in excess of such requirements if those units meet all LACAHA program terms and are covered

by a LACAHSa regulatory agreement. Funding will be allocated only to the eligible portion on a documented, pro-rata basis. Following are examples of permissible funding under common density bonus scenarios:

LACAHSa Financing Scenarios Involving Density Bonus Units	
Scenario	Permissible LACAHSa Financing
Density Bonus Units Granted to 100% Affordable Projects	All units, including density bonus units, may be funded by LACAHSa. Because the project is 100% affordable, the income restriction is not due to the density bonus. That is, it was not granted to incentivize the developer to create affordable units by enabling more density for market-rate units. In this case, the density bonus applies because the project is 100% affordable.
Excess Affordable Units in Market Rate Projects	If the developer is proposing to build more affordable units than necessary to obtain a density bonus, then LACAHSa may fund the excess affordable units but not the units needed to achieve the density bonus. Note that, if the developer is receiving a benefit from the excess units (e.g., additional concessions, added density), then LACAHSa may not fund such excess units.
Deepened Affordability	If the developer is proposing to deepen the required affordability level (e.g., is required to restrict units at 80% AMI but restricts at 30% AMI), then LACAHSa may fund the value of the difference between the required restriction level and the deeper restriction level. In such a case, LACAHSa would work closely with the developer and legal counsel to devise an objective and reasonable methodology to value and finance this difference.

J. Funding Limits

The Financing Products are subject to the funding limits described for each Financing Product in the respective Term Sheet included in [EXHIBIT C](#).

K. Labor Requirements

Funding recipients will be required to adhere to the labor requirements contained in SB 679 and Measure A. All projects funded through the PPO Program must pay prevailing wages. Projects of 40 units or more must also assent to a Project Labor Agreement (“PLA”). For additional information regarding labor requirements, refer to the Program Guidelines and the NOFA Web Portal: [\[LACAHSa to provide URL\]](#).

[\[LACAHSa to provide details on PLA applicability and examples of where local/federal labor rules overlap with County standards.\]](#) (See the NOFA Web Portal for labor-related requirements:

3. APPLICATION PROCESS

A. Application Materials

Application materials may be found at the NOFA Web Portal: [\[LACAHSa to provide URL\]](#)

Applicants should review the Proposal Requirements section of this NOFA for a complete list of documentation that must be submitted for applications to be considered complete.

B. Workshops / Listening Sessions

In coordination with issuance of the NOFA for public review/comment, LACAHSA held workshops/listening sessions during the period beginning October 13, 2025 and ending November 3, 2025. LACAHSA published the date, time, and location of these sessions on the NOFA Web Portal. Comments received during these sessions were recorded, and LACAHSA responses will be publicly available on the NOFA Web Portal.

C. Questions and Answers

In coordination with the release of the final NOFA, questions may be submitted in writing to LACAHSA regarding the NOFA. Questions may be submitted starting with release of the NOFA and ending on December 9, 2025. All questions, and LACAHSA's responses, will be publicly available on the NOFA Web Portal.

All questions must be submitted to: info@lakahsa.gov

D. Submittal of Financing Proposals

1. Application Fee

Applicants will not be required to submit any fee with their application. However, successful applicants that receive a funding award will be required to remit an Application Deposit (as further described below) in connection with a funding award, if any.

2. Application Due Date and Time

Applications must be submitted no later than **5:00 p.m. (Pacific Time) on Friday, January 9, 2026**. LACAHSA will not accept applications after this time.

3. Application Submittal

Applications, and all required attachments thereto, must be submitted to the NOFA Web Portal at: **[LACAHSA to provide URL]**

E. Application Scoring; Recommendations

1. Base Scoring

All application submittals will be scored and ranked according to the scoring applicable to each Financing Product. Notwithstanding project scoring, because of funding requirements of Senate Bill 679, new-construction projects will generally have an advantage over acquisition/rehabilitation projects when applying for Financing Products not specifically reserved for acquisition/rehabilitation projects. Additionally, because of

the programmatic direction for Eligible Nonprofit financing (including advantageous relative cost of funds), Eligible Nonprofit-owned projects will generally have an advantage over non-501(c)(3) owned projects when applying for Financing Products not specifically reserved for non-501(c)(3) projects.

Scoring criteria for each Financing Product is included in Scorecards for each product contained in [EXHIBIT C](#).

Where a project receives extra points for structuring a term beyond minimum requirements (e.g., higher debt service coverage ratio), the new term becomes a required condition for receipt of the requested Financing Product. LACAHSAs list of funding conditions for each awarded project will list the satisfaction of any such terms as a condition precedent to LACAHSAs funding.

2. Assignment of Bonus Points

After initial scoring, applications will be assessed bonus points for incorporating into the sponsor entity and broader development team entities designated as one or more of the following:

- Woman Business Enterprise (“WBE”)
- Minority Business Enterprise (“MBE”)
- LGBT Business Enterprise (“LGBTBE”)
- Emerging Developer

For the purposes of this NOFA:

- An entity is a WBE, MBE, or LGBTBE if it is certified as such by—
 - The California Department of General Services (<https://www.cpuc.ca.gov/about-cpuc/divisions/news-and-public-information-office/business-and-community-outreach/supplier-diversity-program/supplier-database>),
 - The Office of Small Business in Los Angeles County’s Department of Economic Opportunity (https://iddweb.isd.lacounty.gov/DCA_eComplaint/SmallBusinessCertifications), or
 - The municipality in which the project is located (e.g., the City of Los Angeles DBE/MBE/WBE Directory located at <https://bca.lacity.gov/CertificationListings/DBEtable.php>).
- An entity is an Emerging Developer if it is an entity—other than a state or local government agency (“Public Entity”) or non-profit controlled by a Public Entity—with experience as the developer, owner, or operator of a minimum of one but not more than four rental housing developments with unit types, project sizes, and occupancy comparable to the proposed project.⁴

⁴ Experience Requirements: In evaluating the experience requirement to qualify as an Emerging Developer, LACAHSAs may consider either the experience of the entity itself or the experience of the entity’s principal(s) (“Principal”), subject to the following: Principals must be employed by the Respondent’s developer entity as senior management personnel and be

Project Sponsor (Up to 3 Points)

Applications will receive 2 points where the project sponsor entity (a) is a WBE, MBE, or LGBTBE or (b) includes in the ownership structure (e.g., as a partner) a WBE, MBE, or LGBTBE entitled to at least 15% of the project's cash developer fee. Applications receiving points pursuant to the preceding sentence will receive 1 additional point where the qualifying WBE, MBE, or LGBTBE is also an Emerging Developer.

Development Team (Up to 2 Points)

Applications will receive the following points where the project employs a WBE, MBE, or LGBTBE in the following roles:

- General Contractor (+1 Point)
- Architect (+0.5 Points)
- Developer Legal Counsel (+0.5 Points)

3. Ranking and Respondent Review/Comment Period

Following base scoring and assignment of any bonus points, applications for each product will be ranked by points from highest to lowest. In the case of a tie, LACAHSa will apply the tiebreakers described for each product to assist with ranking. LACAHSa will release this proposed scoring and ranking to respondents for review and comment. After consideration of any respondent comments, LACAHSa will finalize the rankings and sort applications by geography.

4. Sorting by Geography

Applications that have been scored and ranked will be sorted based on project location into one of the following geographic zones, which are aligned with the statutory governance structure defined in SB 679 Sec. 64711(a)(4)(B):

NOFA Geographic Zones	
Zone	Included Eligible Jurisdictions
North County / San Fernando Valley	City of Los Angeles, City of Santa Clarita, North LA County Transportation JPA, Burbank-Glendale-Pasadena RHT, San Fernando Valley COG, Unincorporated LA County
San Gabriel Valley	Pasadena, Pomona, El Monte, and surrounding San Gabriel Valley COG jurisdictions; Unincorporated LA County
Southeast County	City of Long Beach; Gateway Cities COG/RHT, including Downey, Norwalk, and Bellflower; Unincorporated LA County

authorized to execute and bind the entity to agreements. If the experience requirement is fulfilled by one or more Principals of the Emerging Developer, the applicant(s) must promptly notify LACAHSa in writing if any of these principals leave or are terminated by the entity. The experience of a consulting firm who is member to the applicant or hired by an Emerging Developer cannot be used to meet any experience requirement.

Southwest Corridor / Coastal LA	City of Los Angeles, Las Virgenes/Malibu COG, Westside Cities COG, South Bay Cities COG/RHT, Unincorporated LA County
------------------------------------	---

LACAHSA will endeavor to allocate each Zone roughly the same amount of funding under the NOFA. Unused funding allocation from any Zone (e.g., due to a lack of qualified applications) will be distributed evenly among the other zones.

5. Recommendations and Next Steps

LACAHSA will work to select the highest scoring applications within each Zone, while ensuring product- and zone-level budgets are not exceeded and other important policy priorities are met. LACAHSA will draft a report to the IRC recommending applications to fund, providing background information on the related projects and sponsors, and detailing its methodology and rationale for selection. The IRC will review this report and make recommendations to the Board. The final decision to select projects for next steps will be subject to the Board's sole and absolute discretion.

In conjunction with scoring criteria and ranking applications, the IRC and the Board may consider numerous other relevant factors which may become clear only after reviewing all project proposals. For example, the IRC and Board may seek to invest in projects that show the most efficient use of funds, in projects that show unique and innovative approaches, in projects that serve distinct segments of the community such as individuals with disabilities, in projects with the deepest affordability restrictions, or in a portfolio of projects that balance the above considerations with others, such as project timing, entitlement status, and geographic diversity. For these reasons, an application's score and ranking will not compel a specific outcome or in any way obligate LACAHSA to select and fund a project.

F. Appeals

Applicants may submit appeals to preliminary scoring beginning on the currently scheduled date for release of preliminary scoring, Monday, February 2, 2026, and ending on Monday, February 16, 2026, or other such date as may be established by LACAHSA. Any such appeal must be in writing and submitted via the method described by LACAHSA at the time preliminary scores are released.

G. Funding Awards

Any award of funding pursuant to one of the Financing Products will be made by the Board (a "Funding Award") and will be conditional upon agreement to terms, including, among other things, payment of the Application Deposit (as described below). The initial installment of the Application Deposit must be received by LAHCASA within 30 days of the date the Applicant is notified of a Funding Award. Failure to timely remit any portion of the Application Deposit may result in rescission of the Funding Award at LAHCASA's sole and absolute discretion.⁵

⁵ On a limited, case-by-case basis, LACAHSA may consider waiving or postponing payment of this deposit for small non-profits requesting small amounts of funding.

4. LOAN TERMS

A. Terms and Term of Commitment

Each Financing Product is subject to specific terms as particularly described in the respective Term Sheet included in [EXHIBIT C](#).

Projects must meet all conditions of funding related to the applicable Financing Product (i.e., be “ready to close”) within 12 months of notification of award. Failure to satisfy all funding conditions within 12 months may result in rescission of the award at LACAHSAs sole and absolute discretion. LACAHSAs may grant extensions on a case-by-case basis, particularly for projects pursuing LIHTC or other state/federal funds, where reasonable forward progress is sufficiently documented.

B. Affordability Covenant

Any project funded by any of the Financing Products will be required to record a covenant restricting the units to affordable uses for at least 55 years (typically from the from the date of recording or issuance of the Certificate of Occupancy, whichever occurs later) for rental projects at the required levels of affordability (an “Affordability Covenant”). In instances where a project includes income-restricted and non-income restricted units, the Affordability Covenant shall be structured so that LACAHSAs can enforce the affordability restrictions without limitation. The presence of non-income restricted units shall not limit LACAHSAs ability to enforce the Affordability Covenant. Each Affordability Covenant shall require, among other things, the preparation and submittal of an annual report to LACAHSAs demonstrating compliance with the requirements set forth therein.

C. Release of Funds

Funds awarded will be appropriated by LACAHSAs for the award. Release of funds will occur via an agreed upon process appropriate for the type of funding, which may include an escrow of the funds or disbursement pursuant to draw requests. LACAHSAs will not release funds until an Affordability Covenant and other public benefit requirements are recorded. To the extent applicable and subject to LACAHSAs terms and conditions, funding recipients may request a letter of commitment or similar document to be used to acquire additional financing.

D. LACAHSAs Fees and Costs

LACAHSAs will collect the following fees and costs from projects/project sponsors in connection with the LACAHSAs-financed projects:

- Upfront Origination Fee
- Forward Commitment Fee (where applicable)
- Lender Closing Costs
- Plan and Cost Review/Monitoring Costs (where applicable)
- Annual Compliance Monitoring Costs

See the Term Sheets [EXHIBIT C](#) for details on the applicability and calculation of these fees and costs by Financing Product.

E. Material Adverse Change

From the date the application is submitted and at all times up to and including the date of any Funding Award and the closing of such funding award, no material adverse change shall have occurred with respect to the applicant or the project, including but not limited to: the financial condition, working capital, assets, liabilities, management, business, operations, good standing of applicant; the financial feasibility of the project; the physical, environmental, and title conditions to the project site; availability and timeliness of government approvals, land use approvals, permits and licenses; appointment of a receiver, foreclosure, general assignment for the benefit of creditors, bankruptcy filing with regard to or affecting all or any of the assets of applicant or its owners; and community support for the project. In the event of any such material adverse change, LACAHSa may, in its sole discretion, work with the applicant to remedy the issue or take any other action available under the law and any agreements governing its relationship with the applicant, including rescinding any funding commitments or refusing to close on committed obligations.

Applicants should promptly notify LACAHSa of any actual or expected material changes to their application and explain why such a change is or is not likely to adversely affect the project. LACAHSa will review such notifications and work with applicants to resolve any related issues as quickly as practicable.

F. Standard Agreement

LACAHSa will provide standard form loan of or subsidy agreements applicable to each respective Financing Product at or around the time of Funding Award.

G. Subordination

1. Financing

LACAHSa will subordinate its financing to senior lenders only for the following Financing Products (and as more particularly described in the respective Term Sheet):

- Subordinate Must-Pay Loan
- Residual Receipts Loan
- Matching Capital Grant

2. Affordability Regulatory Restrictions

LACAHSa's affordability regulatory restrictions (i.e., Affordability Covenant) shall **not** be subordinate to any other regulatory restriction (except as may be required by State Law), covenant, mortgage, or deed of trust (or similar instrument) in favor of any party other than LACAHSa. Additionally, if a project includes income-restricted and non-income restricted units, the Affordability Covenant shall be structured so that LACAHSa can enforce the affordability restrictions without limitation. The presence of non-income restricted units shall not limit LACAHSa's ability to enforce the Affordability Covenant.

5. UNDERWRITING REQUIREMENTS

Each application will be subject to the terms and requirements set forth in the Term Sheet for each Financing Product sought (See [EXHIBIT C](#)). However, notwithstanding the foregoing, LACAHSa will generally apply the underwriting requirements contained in the Uniform Multifamily Regulations (“UMR”) set forth at Section 8300 of Title 25, Division 1, Chapter 7, Subchapter 19 of the California Code of Regulations; and the California Tax Credit Allocation Committee Regulations set forth at California Code Of Regulations Title 4, Division 17, Chapter 1, with particular attention directed to Section 10327 related to financial feasibility and determination of credit amounts. In the event of a conflict between the UMR and the underwriting terms provided in the relevant Term Sheet (or otherwise provided in this NOFA or by LACAHSa), LACAHSa’s underwriting terms shall control.

6. PROPOSAL REQUIREMENTS

All applications must contain sufficient information and supporting documentation to allow LACAHSa to determine eligibility, evaluate proposals, and assign scores based on the published Scorecard. Incomplete applications may be deemed ineligible. Proposals must include all of the following:

A. Executed Certifications and Legal Disclosure Form

Applicant will be required to submit the Certifications and Legal Disclosure Form attached as [EXHIBIT D](#). The form must be executed by two principles with the authority to bind the Applicant.

B. Application Checklist

A comprehensive Application Checklist is provided in the *Product Terms, Scorecard, and Document Checklist* document for each product contained in [EXHIBIT C](#). Applicants must complete and submit the checklist with their application to confirm that all required materials are included. The checklist has been integrated into the Uniform Application Workbook (described below) for ease of use.

The Application Checklist will solicit narrative and documentary information in the following areas:

1. Eligibility Information

- Certification of compliance with Measure A and SB 679 requirements
- Confirmation that the project is an eligible use under the relevant Term Sheet
- Evidence of alignment with the applicable Housing Element, including Affirmatively Furthering Fair Housing documentation
- Disclosure of any conflicts of interest or disqualifying factors under LACAHSa program guidelines

2. Readiness to Proceed

- Evidence of site control (e.g., purchase agreement, lease, or option)
- Documentation of entitlement status and anticipated timeline for securing approvals (e.g., zoning, environmental, building permits)

3. Sponsor / Developer Capacity

- Sponsor / developer financial statements (e.g., audited financials if available, unaudited balance sheet, income statement, and statement of cash flows/statements, at a minimum) demonstrating organizational net worth and liquidity
- Resumes of key development team members documenting prior experience with affordable housing development, including number, location, and type of projects completed

4. Project Affordability Covenants

- Detailed unit mix by AMI (i.e., area median income) level, consistent with Measure A and SB 679 affordability requirements, as outlined in Financing Product term sheets
- Confirmation that the project will comply with and record a LACHSA-provided Affordability Covenant or regulatory agreement committing to the required affordability period (minimum 55 years for rental housing)

5. Labor Standards

Labor compliance plan or certification of intent to comply with prevailing wage and applicable Project Labor Agreement requirements

C. Uniform Application Workbook

LACHSA has created an Excel workbook that applicants will fill out to describe their project (the “Uniform Application Workbook” or the “Workbook”). The Workbook serves as the comprehensive financing application tool for applicants seeking funding from LACHSA. Applicants will use this structured application to request various types of funding made available through this NOFA. The purpose of this Workbook is to provide LACHSA with a complete picture of each project and allow developers to receive feedback on their projects' eligibility while outlining the required information and criteria needed to qualify for one of the Financing Products. This standardized format enables LACHSA to efficiently review and underwrite projects while ensuring developers provide all necessary financial and operational details to support their funding requests.

The workbook guides applicants through entering detailed project information across multiple worksheets covering project eligibility by product, project overview (construction type, unit counts, etc.), financial sources and uses, operating assumptions, debt structures, and comprehensive financial proformas for both residential and commercial components. The application includes automated calculations and a self-scoring mechanism that evaluates whether projects meet LACHSA's funding product requirements and threshold criteria. Color-coded cells throughout the workbook clearly indicate which fields require direct applicant input versus automatically calculated or agency-provided information.

For entering information related to project financing, there are individual tabs that create a complete picture of the project, accompanied by financial worksheets that detail the project's funding sources and proposed expenditures, including rental income projections and operating

expense assumptions. Debt structure sections outline proposed loan terms and financing arrangements. Comprehensive financial projection worksheets present detailed operating forecasts for residential components, commercial components, and combined operations. A sources-and-uses matrix provides a detailed breakdown matching specific funding sources to corresponding project expenditures. A construction draw schedule outlines the proposed timeline for funding disbursements during development.

This standardized format enables LACAHSa to efficiently review and underwrite projects while ensuring applicants provide all necessary financial and operational details to support their funding requests. The integrated dashboard and summary sheets allow both applicants and Agency staff to quickly assess key project metrics and financial feasibility indicators essential for the underwriting process.

D. Required Supporting Documentation

Applicants must attach all supporting documentation referenced in Section B, as applicable to the Financing Product. This may include copies of site control agreements, entitlement approvals, agreements, financial statements, and other records as specified.

E. Conflict of Interest Disclosure Form

Please refer to [EXHIBIT E](#).

F. Narrative Proposal/Drawings

Please refer to requirements under each Financing Product Term Sheet in [EXHIBIT C](#).

7. OTHER TERMS AND CONDITIONS

A. General LACAHSa Requirements

All projects receiving funding under this NOFA must adhere to SB 679, Measure A, the Program Guidelines, the Annual Expenditure Plan, and any other policies and guidelines adopted by the Board.

B. LACAHSa's Rights and Responsibilities

LACAHSa reserves the right to change the requirements and policies described in this NOFA. LACAHSa is responsible only for that which is expressly stated in the NOFA documents, any authorized written addenda, and any posted questions and answers. Such addenda shall be made available to each person or organization via LACAHSa's NOFA application website. It is the responsibility of applicants to ensure, prior to submission, that their application reflects the most recent addenda information, program requirements, and policies. By submission of an application, each applicant acknowledges receipt of all addenda, if any, that are emailed or posted on LACAHSa's website. LACAHSa is not responsible for and shall not be bound by any representations otherwise made by any individual acting or purporting to act on its behalf if those representations conflict with NOFA requirements.

C. Confidentiality; Application Property of LACAHS

Once submitted, each application becomes the property of LACAHS and becomes a public record. LACAHS is not liable for the disclosure of any information contained in an application. Any information that applicants do not wish to disclose to the public must be clearly marked "confidential." A blanket statement of confidentiality or the marking of every page of the application as confidential shall not be deemed sufficient notice of exception. Applicants must specifically label only those portions of the application that are confidential in nature and notify LACAHS that confidential information is included.

D. Cost of Application Preparation

The cost of application preparation shall be borne by the applicant. In no event shall LACAHS be liable for any expenses incurred in the preparation and submission of the application.

E. Other Funding Applications by NOFA Applicants

LACAHS reserves the right to request any funding applications submitted by NOFA applicants to other funding sources. Funding applications include all such requests for financing associated with the proposed project. Failure to provide such information upon request may result in LACAHS taking action up to and including rescission of funding.

F. Compliance with Local, State, and Federal Law

Applicants must be in compliance with all LACAHS fiscal and programmatic requirements, all regulatory agreements with LACAHS, and the requirements of other governmental entities or permitting agencies, including any and all laws, statutes, ordinances, codes, rules, regulations, directives, writs, injunctions, orders, decrees, rulings, or conditions of approval.

If any of the Applicant's existing projects are not in compliance with LACAHS fiscal and programmatic requirement or other requirements as noted in the foregoing, the project will not be considered for funding.

G. Noncompliant/Debarred Contractors

Applications may be withheld from funding consideration in the event that the Applicant (or any of its principals, or partners) is currently in arrears or delinquent in payment of debt to LACAHS, deemed to be noncompliant with the requirements of any agreement with LACAHS, or included on any County of Los Angeles, HUD, or other public agency's debarment list.

H. Insurance Requirements

Applicants must document that they maintain insurance against claims for injuries to persons or damage to property that may arise from or in connection with the performance of the work by the applicant, its agents, representatives, employees, or subcontractors. Insurance is required for all general partner entities and all insurance, including all applicable endorsements are required

to be final and approved by LACAHSa prior to closing. For the purposes of estimating insurance costs during the construction and permanent phases, applicants should assume the types and levels of coverage customarily required by sophisticated commercial lenders and LA County housing agencies (e.g., Los Angeles County Development Authority). For selected projects, LACAHSa will provide project-specific insurance requirements for the construction and permanent phases, as applicable, in an addendum to LACAHSa's funding commitment.

I. Labor Requirements

Please refer the Labor Requirements included as [EXHIBIT F](#).

J. Affordability Requirements

Please refer to the Affordability Requirements applicable to each Financing Product in the applicable Term Sheet.

K. General Contractor Selection and Construction Contracts

When seeking a general contractor, applicants must solicit a minimum of three bids for comparison of pricing and services offered. General contractors working on funded projects must use a guaranteed maximum price contract (GMAX) wherein the basis for payment is the cost of the work plus a fee. The construction contract shall include an overall cost limitation acceptable under LACAHSa's underwriting criteria. All construction contracts shall clearly state that the sharing of cost savings above and beyond the maximum general conditions, overhead, and profit allowed by LACAHSa's underwriting criteria are not allowed. Construction contracts shall not include costs associated with tenant improvements for commercial space associated with the project. Project budgets shall not include tenant improvement costs, and project funds (regardless of source) shall not be used for commercial tenant improvement costs.

L. Construction Signage

Projects receiving funding through this NOFA must acknowledge this assistance with signage at the site. Construction signage must be approved by LACAHSa prior to placement at the project site. If any financial assistance from HUD is included in any project, the construction sign must also acknowledge this HUD assistance.

M. Fair Housing, Accessibility, Marketing, and Lease-up

All projects receiving funding under this NOFA must adhere to all fair housing and accessibility requirements applicable under federal, state, and local law. The project must be constructed and maintained in accordance with all applicable accessibility standards.

Projects that propose or implement a local preference will not be eligible for funding unless (a) such preference is required by law or (b) the Applicant can, at the time of application, otherwise demonstrate to the satisfaction of LACAHSa and its legal counsel that the preference is fully compliant with all applicable fair housing laws.

Exhibit A: Summary of SB 679

The full text of SB 679 can be found by following this [link](#).

A summary of the bill, as most relevant and applicable to this NOFA, is provided in this Exhibit.

State Bill 679: Los Angeles County Regional Housing Finance Act

Background and Purpose

SB 679 (passed in 2022) established the Los Angeles County Affordable Housing Solutions Agency (LACAHS) to address the region's housing crisis through a countywide financing and coordination framework.

The Agency's mandate is to increase affordable housing supply and provide regional resources and technical assistance for:

- Renter protections
- Affordable housing preservation
- New affordable housing production for households earning up to 80% of AMI, with priority on the lowest incomes

Governance and Oversight

- Governed by a 21-member board (including LA County Supervisors, LA City officials, other City representatives, and subject matter experts).
- Supported by an 11-member Citizen's Oversight Committee with expertise in affordable housing finance, development, preservation, and tenant protection.
- Subject to public transparency laws (Brown Act, Public Records Act) and annual financial audits

Powers and Financing Tools

The Agency has the authority to raise and allocate revenue countywide, including placing ballot measures before voters.

Authorized funding mechanisms include:

- Special taxes (parcel tax, gross receipts business license tax, documentary transfer tax)
- Issuance of ad valorem tax-secured bonds (with 2/3 voter approval)
- Revenue bonds backed by Agency revenues
- Other financing tools such as grants, loans, loan guarantees, equity, and interest rate subsidies

Labor and Land Use Standards

- All construction or rehabilitation projects funded by LACAHS are classified as public works, requiring prevailing wages.
- Projects with 40+ units must comply with a Project Labor Agreement (PLA) (either the City of LA Department of Public Works PLA or a negotiated countywide PLA).
- Agency is not authorized to regulate local land use or use eminent domain

Expenditure and Programmatic Requirements

Revenue must be used for:

- Affordable housing production and preservation

- Tenant protection programs
- Planning, technical assistance, and policy development

Statutory allocation requirements include:

- Minimum 40% for housing production/preservation
- At least 30% for renter protections
- Minimum 5% for technical assistance and policy development
- Maximum 10% for administration

Geographic Distribution

Funds must be allocated across the county according to a geographic distribution formula, with direct allocations available to eligible jurisdictions that meet compliance standards.

Environmental Review

Certain Agency financing actions (e.g., issuing loans, grants, or bonds) are exempt from CEQA to expedite affordable housing delivery. However, development projects may still be subject to CEQA if required by other funding sources or by local jurisdictions. Applicants should not assume that receipt of LACAHSAs financing eliminates CEQA compliance obligations.

[INSERT SECTION DIVIDER: EXHIBIT B]

Exhibit B: Summary of Measure A

The full text of Measure A can be found by following this [link](#).

A summary of the measure, as most relevant and applicable to this NOFA, is provided in this Exhibit.

Measure A: Affordable Housing, Homelessness Solutions and Prevention Now Sales Tax Ordinance

Background and Purpose

Measure A was approved by voters in 2024, establishing a 0.5% countywide sales tax to replace Measure H (0.25%). The Measure is expected to generate roughly \$1 billion annually for affordable housing, homelessness prevention, and supportive services.

The measure aims to significantly reduce homelessness by:

- Expanding affordable and interim housing
- Increasing mental health and substance use treatment
- Preserving existing affordable housing
- Preventing evictions and displacement

Funding Distribution

Administered by the LA County Auditor-Controller, proceeds are distributed as follows:

- 60% - County of Los Angeles for homelessness services, Local Solutions Fund, and innovation programs
- **35.75% - Los Angeles County Affordable Housing Solutions Agency (LACAHSAs) for affordable housing and prevention**
 - *LACAHSAs share may not fall below 33.3% in future reallocation reviews*
- 3% - Los Angeles County Development Authority (LACDA) for local housing production
- 1.25% - County for accountability, data, and research

Program Uses

Funds may be used for:

- Affordable housing construction, preservation, tenant protection, and planning/TA (LACAHSAs)
- Interim and permanent supportive housing, rent subsidies, rapid rehousing, and eviction prevention (County)
- Local return for cities through the Local Solutions Fund, based on homelessness metrics

Oversight and Accountability

Strong reporting and accountability requirements, including:

- Annual reporting by all funding recipients
- Independent financial audits and public posting of reports
- Evaluation of outcome metrics beginning in 2025, with potential reallocation of funds if targets are not met

Oversight is shared between the County Executive Committee and LACAHSAs. Each evaluates process toward system-wide and housing-related goals.

Labor Standards and Project Requirements

- All construction or rehabilitation projects funded are classified as public works requiring prevailing wages.
- Projects of 40+ units must comply with a Project Labor Agreement (PLA): LA City PLA if within the City, or a Countywide PLA if elsewhere in the county.
- At least 80% of units produced with Measure A funds must be built under a PLA.

Initial Housing Spending Requirements (through 2035)

- LACAHS: 60% of funds for housing and prevention must go to creation, preservation, and ownership with **77.25% of that for new construction**.
- LACDA: 100% of funds must go to new affordable housing construction

Environmental Review

Financing actions under Measure A may qualify for CEQA exemptions. However, projects may still be subject to CEQA if required by other funding sources or jurisdictions. Applicants should not assume Measure A funding eliminates CEQA obligations.

[INSERT SECTION DIVIDER: EXHIBIT C]

Exhibit C: Financing Product Term Sheets, Scorecards, and Document Checklists

Defined Terms

For the purposes of this NOFA—in particular, the Term Sheets and Scorecards provided herein—the following terms have the following meanings:

“Acquisition Project” means a Project consisting of the purchase of existing real property (land and/or improvements) for use as affordable housing, without construction or rehabilitation beyond customary repair/turnover work.

“Acquisition/Rehabilitation Project” means a Project involving the purchase of existing real property combined with physical improvements to correct deferred maintenance, address building systems, and/or reconfigure units/common areas in order to preserve or extend the property’s useful life and affordability.

“Adjusted Total Development Costs” for a project means the sum of all project costs described in the pro forma *minus*:

- Developer fee contributed as GP equity
- Donated land **[Under consideration.]**
- Value of any below-market ground lease
- Acquisition costs that are offset by assumed debt or seller notes **[Under consideration.]**
- Any LACAHSAs Operating Deficit Reserve

“Agency” means the Los Angeles County Affordable Housing Solutions Agency (LACAHSAs).

“Area Median Income (AMI)” means the area median income (and household size adjustment) published by HUD and adopted by the Agency for the applicable program year.

“Affordability Covenant” or “Regulatory Agreement” means the Agency-approved recorded agreement (or equivalent instrument) that imposes affordability and other program requirements on a Project for the required term.

“Document Checklist” means the consolidated list of documents required to evaluate Applications, organized by category for each Financing Product, as may be updated by the Agency.

“Environmental Site Assessment (ESA)” means, unless otherwise specified by the Agency, a Phase I Environmental Site Assessment prepared in accordance with ASTM E1527-21 (or its successor), intended to identify recognized environmental conditions in connection with commercial real estate and, if required in the Phase I assessment, a Phase II assessment.

“LACAHSAs Interest Reserve Requirements” means the following standard requirements for capitalized interest during the construction/rehabilitation period and through stabilization, calibrated to the applicable LACAHSAs NOFA Rate Chart and the construction/rehabilitation term for each Financing Product. Each project relying on capitalized interest during the construction/rehabilitation phase must create an interest reserve sized as follows: Construction/Rehab Period + Lease-up Period + 3-Month Cushion (Construction/Rehab and Lease-up periods to be verified by plan and cost review and appraisal, respectively), assuming the greater of 50% average outstanding loan balance or monthly spending

projections. For variable-rate loans, LACAHSa will add a 100-basis point cushion to the all-in rate as of closing.

For the purposes of initial project selection, applicants should size interest reserves assuming no tenant income during the construction and lease-up phases. However, following project selection and during the full underwriting process, LACAHSa may give credit for tenant income (e.g., from a portion of occupied units during an occupied rehabilitation or during lease-up) subject to prudent underwriting standards.

“LACAHSa NOFA Rate Chart” means the following table of indicative interest rates and assumptions for each Financing Product and term length, as calculated under the methodology referenced in each Product’s Term Sheet and fixed “as-of” a stated date for use in comparing projects applying to for financing under this NOFA.

LACAHSa NOFA Rate Chart

“LACAHSAs Services Standards” means the Agency’s standards related to the provision of social services in LACAHSAs projects, as described in [EXHIBIT H](#). The selection criteria for certain LACAHSAs products includes additional points for inclusion of services meeting these standards.

“LACAHSAs Standard Closing Cost Assumptions” means the Agency’s standard assumptions for certain costs customarily incurred at closing, as follows:

<i>LACAHSAs Standard Closing Cost Assumptions</i>	
Lender Legal	\$100,000
Market Study	\$13,500
Appraisal	\$15,000

Pro forma financials must assume costs greater than or equal to the above.

“LACAHSAs Standard Construction Review & Monitoring Assumptions” means the Agency’s requirements for draw administration, site inspection, frequency of monitoring, deliverables (e.g., inspection reports), and related fees during construction/rehabilitation. For the purposes of this NOFA, pro forma financials must assume a cost of at least \$8,000 for an upfront plan and cost review, plus \$1,600 per month for monitoring during the construction period, to meet these requirements.

“LACAHSAs Readiness to Proceed Checklist” means the Agency’s standardized checklist of items evidencing development readiness, used for scoring and/or underwriting, which, depending on the Financing Product, may include: (i) complete pro forma financial model; (ii) preliminary financing commitments from all non-LACAHSAs funders; (iii) evidence of site control; (iv) site development plan provided; (v) evidence of appropriate zoning; (vi) evidence of public utilities and service availability; (vii) preliminary environmental reports (e.g., Phase I) and a plan to complete necessary additional steps within the required timeframe; (viii) floodplain determination and, if necessary, quote for flood insurance; (ix) market study provided; (x) physical needs assessment (for rehab projects). Note: Readiness to Proceed is not applicable to the Predevelopment Loan, and readiness items are tailored by Product.

“LACAHSAs Unit Cost Benchmark” means the benchmark for development cost per square foot by project type used for eligibility, scoring, and/or underwriting under this NOFA. This benchmark will be equal to the mean of Adjusted Total Development Costs for all projects applying for financing under this NOFA, expressed on a per-square-foot basis, for each of 3 project types: New Construction, Substantial Rehabilitation, and Light Rehabilitation. As described in the Scorecards below, projects may receive additional points for costs significantly below this amount. If LACAHSAs does not receive sufficient information to create a benchmark for one of the project types (e.g., there are too few Light Rehabilitation projects to calculate a reliable mean), LACAHSAs may rely on recent publicly available data for development costs in LA County to create a benchmark.

“LIHTC Project” means a project financed with federal Low-Income Housing Tax Credits under Internal Revenue Code Section 42, meeting the requirements for qualified low-income buildings, applicable fraction, set-aside, and extended use restrictions.

“Light Rehabilitation” means a rehabilitation that does not qualify as a Substantial Renovation (as defined below) but where the costs of required repairs meet or exceed the greater of \$3,500 per unit or \$250,000 in the aggregate.

“New-Construction Project” means a Project involving the construction of new residential improvements (and related site work) where no residential structures previously existed (or where prior structures are demolished and replaced) to create new affordable housing units.

“NOAH” means naturally occurring affordable housing and refers to existing, typically older, unsubsidized rental housing that is affordable to lower-income households without project-based public subsidy or affordability restrictions. Preservation strategies generally focus on acquisition, moderate rehab, and long-term affordability commitments.

“Non-LIHTC Project” means a Project that is not financed with federal Low-Income Housing Tax Credits under IRC Sec. 42 (though it may use other subsidies, bonds, or Financing Products).

“Substantial Rehabilitation” means a rehabilitation where either:

- (a) The required repairs and improvements involve replacing two or more major building components (as defined by HUD) or
- (b) Rehabilitation costs exceed the greater of:
 - i. 15% of the property's replacement cost (fair market value - exclusive of soft costs) after completion of all required repairs, replacements, and improvements and
 - ii. \$6,500 per dwelling unit (adjusted by HUD's authorized high cost percentage) and
 - iii. 20% of the mortgage proceeds applied to rehabilitation expenses.

10. Repayment at Capital Event	Repayment of the principal balance of the LACAHSAs note at a Capital Event (defined as refinance, sale, or resyndication of tax credits) will be the lesser of (a) the remaining outstanding principal balance or (b) 35% of net proceeds (defined Capital Event proceeds after repayment of first mortgage, transaction costs, developer fee, and accrued LACAHSAs interest). See EXHIBIT I for additional detail on repayment terms by entity type.	Threshold Requirement Does the model assume repayment of LACAHSAs principal balance at capital event, up to 35% of net proceeds? If YES, proceed If NO, disqualified		
D. Loan Costs				
1. Application Deposit	Non-refundable deposits of \$5,000 due within 30 days of NOFA selection and an additional \$5,000 due at LACAHSAs financing commitment (both applied as a credit to legal and advisory costs/fees at closing). In the case of multiple LACAHSAs loan/grant products for the same project, no additional deposit is required.	N/A		
2. Upfront Origination Fee	1% of total loan amount	Threshold Requirement Does the model assume a 1% origination fee? If YES, proceed If NO, disqualified		
3. Forward Commitment Fee	N/A – Immediate delivery	N/A		
4. Extension Fee	N/A – Immediate delivery	N/A		
5. Lender Closing Costs	Borrower to pay LACAHSAs legal and advisory costs at closing	Threshold Requirement Does the model assume proper lender closing costs based on LACAHSAs Standard Closing Cost Assumptions? If YES, proceed If NO, disqualified

	<p><u>All Projects:</u> Affordability enforced pursuant to a minimum 55-year regulatory agreement. Owners must certify tenant eligibility and rent reasonableness annually. LACAHSAs retain rights to audit and enforce compliance. Agency funds cannot be used in connection with any unit that is solely income restricted due to density bonus, development incentives, or similar programs (See Section 2(l) of this NOFA for details). All LACAHSAs funded units must be both income- and rent-restricted.</p>					
2. Project Labor Requirements	For all projects, construction or rehabilitation contracts and subcontracts must include provisions requiring the payment of prevailing wages. Additionally, construction or rehabilitation contracts for projects with 40 units or more must include provisions requiring compliance with the applicable Project Labor Agreement based on the location of the project. These requirements apply when LACAHSAs provide a forward commitment during construction or rehabilitation, even when there is no LACAHSAs financing provided during the construction/ rehabilitation phase.	N/A				
3. Resident Engagement	For acquisition/rehabilitation projects, LACAHSAs will work with sponsors to ensure robust resident engagement before and after closing. Prior to closing, sponsors must provide a description of engagement efforts taken to date and a proposed future engagement plan and schedule for LACAHSAs review and approval.	N/A				
4. Tenant Protections	For acquisition/rehabilitation projects, no displacement, rents fixed for 1 year following rehab, rent increases limited to 4% per annum or less if required by local rent control. Certification and Legal Disclosure Form

Instructions

The Los Angeles County Affordable Housing Solutions Agency (“LACAHS”) requires all applicants to complete a Certification and Legal Disclosure Form (“Disclosure Form”). LACAHS uses the Disclosure Form to confirm the accuracy and completeness of the information that the applicant provides in the application and to identify any legal issues that may affect the proposed project and use of LACAHS funds.

The Disclosure Form includes a certification section and a questionnaire. In certification section of the Disclosure Form, applicants must attest to: (1) the accuracy of the information they provided in the application, (2) their legal authority to submit the application, (3) the disclosure of any persons or entities that will provide goods or services to the project, (4) the legal status of the Project and the property on which it is proposed, and (5) the public nature of the information in the application. The questionnaire covers the applicant and certain related parties’ civil and criminal legal history, including any bankruptcies, receiverships, defaults on loans, foreclosures, civil litigation, administrative or civil settlements, decisions, or judgments, and criminal charges or convictions. Applicants must provide an explanation for any positive responses to any questions regarding the applicant’s legal history. Some parties, including certain public entities, members of the boards of directors of nonprofit corporations and certain executive officers, are not required to complete the questionnaire.

Certification

On behalf of the entity identified above, I certify that:

1. The information, statements and attachments included in this application are, to the best of my knowledge and belief, true and correct.
2. I possess the legal authority to submit this application on behalf of the entity identified in this application and the attached signature block.
3. The following is a complete disclosure of all identities of interest - of all persons or entities, including affiliates, that will provide goods or services to the Project either (a) in one or more capacity or (b) that qualify as a "Related Party" to any person or entity that will provide goods or services to the Project. "Related Party" is defined in the California Tax Credit Allocation Committee (CTCAC) Regulations (California Code of Regulations Section 10302):

--

4. As of the date of application, the project, or the real property on which the project is proposed, is not party to or the subject of any claim or action at the State or Federal appellate level.
5. I have disclosed and described below any claim or action undertaken which affects or potentially affects the feasibility of the Project. In addition, I acknowledge that all information in this application and attachments is public, and may be disclosed by LCAHSA.

Exhibit E: Conflict of Interest Disclosures

LACAHS CONFLICT OF INTEREST DISCLOSURE STATEMENT

Each applicant must fill out and sign a Levine Act Compliance Form (Attachment 1) and a Conflict of Interest Disclosure Form (Attachment 2) and submit these forms with their application. Failure to submit these forms with the application may disqualify the applicant from further consideration. Attachments 1 and 2 are provided on the following pages.

(Intentionally left blank, Attachment 1 begins on the following page)

ATTACHMENT 1 - LEVINE ACT COMPLIANCE FORM

This form must be completed separately by each applicant, including each prime contractor and subcontractor.

Pursuant to the Levine Act (Government Code section 84308), a member of the LACAHS Board of Directors, LACAHS Investment Review Committee, and other LACAHS employee, officer, and/or alternate to an appointed member (including any contractors serving in this capacity) (each and collectively, the "LACAHS Officer" or "LACAHS Officers") are disqualified and not able to participate in a proceeding involving contracts, franchises, licenses, permits and other entitlements for use if the LACAHS Officer received more than \$250 in contributions in the past 12 months from the applicant, any paid agent of the applicant, or any financially interested participant who actively supports or opposes a particular decision in the proceeding.

State law requires you to disclose information about contributions made by you, your company, and lobbyists and agents paid to represent you. Failure to complete the form in its entirety may result in significant delays in the processing of your application and potential disqualification from the application process.

You must fully answer the applicable questions below. You ("Declarant"), or your company, if applicable, including all entities identified below (collectively, "Declarant Company") must also answer the questions below. The term "employee(s)", as used here, is defined as employees, officers, partners, owners, or directors of Declarant Company.

An affirmative response to any questions will not automatically cause the disqualification or denial of your application. However, failure to answer questions completely, in good faith, or providing materially false answers may subject applicants to disqualification from the application process.

Complete each section below. State "none" if applicable.

A. COMPANY OR APPLICANT INFORMATION

1) Declarant Company or Applicant Name:

-
- a) If applicable, identify all subcontractors that have been or will be named in your bid or proposal:
 - b) If applicable, variations and acronyms of Declarant Company's name used within the past 12 months:
 - c) Identify all entities or individuals who have the authority to make decisions for you or Declarant Company about making contributions to a LACAHS

Officer, regardless of whether you or Declarant Company have actually made a contribution:

[IF A COMPANY, ANSWER QUESTIONS 2 - 3]

- 2) Identify only the parent(s), subsidiaries and related business entities that Declarant Company has controlled or directed, or been controlled or directed by. "Controlled or directed" means shared ownership, 50% or greater ownership, or shared management and control between the entities.
 - a) Parent(s):
 - b) Subsidiaries:
 - c) Related Business Entities:
- 3) If Declarant Company is a closed corporation (non-public, with under 35 shareholders), identify the majority shareholder.
- 4) Identify all entities (proprietorships, firms, partnerships, joint ventures, syndicates, business trusts, companies, corporations, limited liability companies, associations, committees, and any other organization or group of persons acting in concert) whose contributions you or Declarant Company have the authority to direct or control.
- 5) Identify any individuals such as employees, agents, attorneys, law firms, lobbyists, and lobbying firms who are or who will act on behalf of you or Declarant Company and who will receive compensation to communicate with a LACAHSO Officer regarding the award or approval of this contract or project, license, permit, or other entitlement for use.
- 6) If you or Declarant Company are a 501(c)(3) non-profit organization, identify the compensated officers of your organization and the compensated members of your board.

B. CONTRIBUTIONS

- 1) Have you or the Declarant Company solicited or directed your employee(s) or agent(s) to make contributions, whether through fundraising events, communications, or any other means, to a LCAHSA Officer in the past 12 months? If so, provide details of each occurrence, including the date.

Date (contribution solicited or directed)	Name (of the contributor)	Recipient Name (LCAHSA Office)	Amount

* Attach an additional page, if necessary

- 2) Disclose all contributions made by you or any of the entities and individuals identified in Section A to a LCAHSA Officer in the past 12 months.

Date (contribution solicited or directed)	Name (of the contributor)	Recipient Name (LCAHSA Office)	Amount

* Attach an additional page, if necessary

C. DECLARATION

By signing this Levine Act Compliance Form, you (Declarant), or you and the Declarant Company, if applicable, attest that you have read the entirety of the foregoing and the statements made herein are true and correct to the best of your knowledge and belief. (Only complete the one section that applies.)

There are _____ additional pages attached to this Levine Act Compliance Form.

COMPANY APPLICANTS

I, _____ (Authorized Representative), on behalf of _____ (Declarant Company), at which I am employed as _____ (Title), attest that after having made or caused to be made a reasonably diligent investigation regarding the Declarant Company, the foregoing responses, and the explanation on the attached page(s), if any, are correct to the best of my knowledge and belief. Further, I understand that failure to answer the questions in good faith or providing materially false answers may subject Declarant Company to consequences, including disqualification of

its application or delays in the processing of the requested contract, license, permit, or other entitlement.

IMPORTANT NOTICE REGARDING FUTURE AGENTS AND FUTURE CONTRIBUTIONS:

By signing this Levine Act Compliance Form, you also agree that, if Declarant Company hires an agent, such as, but not limited to, an attorney or lobbyist during the course of these proceedings and will compensate them for communicating with LCAHSA about this contract, application, project, permit, license, or other entitlement for use, you agree to inform LCAHSA of the identity of the agent or lobbyist and the date of their hire. You also agree to disclose to LCAHSA any future contributions made to members of the LCAHSA Board of Directors or any other LCAHSA Officer or employee by the Declarant Company, or, if applicable, any of the Declarant Company's proposed subcontractors, agents, lobbyists, and employees who have communicated or will communicate with LCAHSA about this contract, application, license, permit, or other entitlement after the date of signing this disclosure form, and within 12 months following the approval, renewal, or extension of the requested contract, application, license, permit, or entitlement for use.

ATTACHMENT 2 - CONFLICT OF INTEREST DISCLOSURE FORM

_____ (“Applicant”), in submitting the application (“Application”) in response to the Los Angeles County Affordable Housing Solutions Agency (“LACAHS”) Notice of Finding Availability #1 (Affordable Housing Production and Preservation) makes the following representations:

- A) Except as set forth in this Conflict of Interest Disclosure Form (“Disclosure Form”), Applicant does not have a direct or indirect financial interest in LACAHS;
- B) Except as set forth in this Disclosure Form, no business or organization with which Applicant is associated has a direct or indirect financial interest in LACAHS;
- C) Except as set forth in this Disclosure Form, Applicant does not have any other interest or relationship that would constitute a conflict of interest, or potential conflict of interest, with LACAHS;
- D) Applicant declares and warrants that no elected or appointed official, board member, committee member, alternate, officer, or employee of LACAHS has been or shall be compensated, directly or indirectly, in connection with the Application or any work connected with the Application. Should any agreement be approved in connection with the Application, Applicant declares and warrants that no elected or appointed official, board member, alternate, officer or employee of LACAHS, during the term of their service with LACAHS shall have any direct interest in that agreement, or obtain any present, anticipated or future material benefit arising therefrom.
- E) In the event that the circumstances under which I submitted this Disclosure Form change such that a response pertaining to items A through D must be provided, I will promptly contact LACAHS and prepare a revised Disclosure Form.

Exhibit F: Labor Requirements

The Act and Measure A Construction Labor Requirements

The Act

Government Code, § 64720.5:

- (a) Any construction or rehabilitation project receiving funding or financing from the agency, a measure proposed by the agency pursuant to subdivision (a) of Section 64720, or a joint powers Issuer of which the agency is a member, including, but not limited to, a project with under 40 units, shall constitute a public work for which prevailing wages shall be paid for purposes of Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code.
- (b) A project with 40 units or greater is eligible to receive funding or financing from the agency, a measure proposed by the agency pursuant to subdivision (a) of Section 64720, or a joint powers Issuer of which the agency is a member, only if all construction and rehabilitation is subject to the City of Los Angeles Department of Public Works PLA. For purposes of this subdivision and subdivision (c), the number of units means the maximum number of units authorized in an entitlement granted by the land use permitting Issuer for the development project, regardless of whether construction or rehabilitation proceeds in phases or ownership is divided.
- (c) Notwithstanding subdivision (b), if a specific countywide project labor agreement is negotiated with mutual agreement between the Los Angeles/Orange Counties Building and Construction Trades Council and the Southern California Association of Nonprofit Housing and approved by the agency, then a project with 40 units or greater is eligible to receive funding or financing from the agency, a measure proposed by the agency pursuant to subdivision (a) of Section 64720, or a joint powers Issuer of which the agency is a member, only if all construction and rehabilitation is subject to the specific countywide project labor agreement rather than the Department of Public Works PLA.
- (d) For purposes of this section, “project labor agreement” has the same meaning as in paragraph (1) of subdivision (b) of Section 2500 of the Public Contract Code.
- (e) For purposes of this section, “Department of Public Works PLA” means the City of Los Angeles Department of Public Works Project Labor Agreement 2020-2030 with Los Angeles/Orange Counties Building and Construction Trades Council, effective August 25, 2021.

(Added by Stats. 2022, Ch. 661, Sec. 1. (SB 679) Effective January 1, 2023.)

[continues on next page]

Measure A

Section 28 – Construction Work

- A. It is the intent of this section to encourage the development of local job opportunities and career pathways into the building and construction trades, including but not limited to apprenticeship and pre-apprenticeship programs.
- B. Any construction or rehabilitation project receiving funding or financing from this Ordinance, including but not limited to a project of fewer than 40 units, shall constitute a public work for which prevailing wages shall be paid for purposes of Chapter 1 (commencing with section 1720) of Part 7 of Division 2 of the Labor Code.
- C. A project of 40 or more units is eligible to receive funding or financing from this Ordinance only if all construction and rehabilitation is subject to the City of Los Angeles Department of Public Works Project Labor Agreement 2020-2030 if the project is within the City of Los Angeles, or the Countywide Community Workforce Agreement executed by the Chief Executive Officer on June 7, 2023 if the project is elsewhere, or any successor to either agreement.
- D. For purposes of sections 28 and 29 of this Ordinance, the number of units means the maximum number of units authorized in an entitlement granted by the land use permitting Issuer for a development project, regardless of whether construction or rehabilitation proceeds in phases or project ownership is divided.
- E. The Designated Enforcement Agency (“DEA”) shall have Issuer to enforce Labor Code sections 1720-1815, as amended from time to time, for projects funded by the tax imposed by this Ordinance. Any developer, contractor, or subcontractor as to such projects shall be required to cooperate fully in any investigation the DEA initiates. For projects located in the City of Los Angeles, the DEA shall be the Department of Public Works, Bureau of Contract Administration. For projects elsewhere, the contracting Funding Recipient shall act as or designate the DEA. The DEA shall be authorized to work with joint labor management committees established pursuant to the federal Labor Management Cooperation Act of 1978 (29 U.S.C. section 175a) in order to carry out the enforcement/investigation duties under this Ordinance. A joint labor management committee may bring an action in any court of competent jurisdiction against an employer that fails to comply with the labor standards required under this Ordinance.
- F. Notwithstanding subsection C of this section, if a project labor agreement is agreed between the Funding Recipient or project developer, the Los Angeles/Orange Counties Building and Construction Trades Council, and the Western States Regional Council of Carpenters, then a project with 40 or more units is eligible to receive funding or financing from this Ordinance if all construction and rehabilitation is subject to that project labor agreement.
- G. For purposes of this Ordinance, “project labor agreement” has the meaning stated in subdivision (b)(1) of section 2500 of the Public Contract Code.

Exhibit H: LACAHSa Services Standards

Standards by Service Category (1-6)

1. **Case Manager.** Responsibilities must include (but are not limited to) working with tenants to develop and implement an individualized service plan, goal plan, or independent living plan. *Minimum ratio of 1 Full Time Equivalent (FTE) Case Manager to 300 restricted bedrooms.*
2. **Service Coordinator or Other Services Specialist.** Service coordinator responsibilities shall include, but are not limited to: (a) providing tenants with information about available services in the community, (b) assisting tenants to access services through referral and advocacy, and (c) organizing community-building and/or other enrichment activities for tenants (such as holiday events, tenant council, etc.). Other services specialist must provide individualized assistance, counseling and/or advocacy to tenants, such as to assist them to access education, secure employment, secure benefits, gain skills or improve health and wellness. Includes, but is not limited to: Vocational/Employment Counselor, ADL or Supported Living Specialist, Substance Abuse or Mental Health Counselor, Peer Counselor, Domestic Violence Counselor. *Minimum ratio of 1 FTE Service Coordinator/Other Services Specialist to 500 restricted bedrooms.*
3. **Adult Educational, Health and Wellness, or Skill Building Classes.** Includes but is not limited to: financial literacy, computer training, home-buyer education, GED, resume building, ESL, nutrition, exercise, health information/awareness, art, parenting, on-site food cultivation and preparation, and smoking cessation classes. *Minimum of 70 hours of instruction each year (35 hours for development of 20 units or less).*
4. **Health or Behavioral Health Services.** Must be provided by appropriately licensed organization or individual. Includes but is not limited to: health clinic, adult day health center, medication management services, mental health services and treatment, substance abuse services and treatment, and if appropriate, visiting nurses programs, intergenerational visiting programs, or senior companion programs.
5. **Licensed Child Care.** Shall be available 20 hours or more per week, Monday through Friday, to residents of the development. *(Only for large family projects or other projects in which at least 25% of restricted are 3 bedrooms or larger.)*
6. **After School Program for School-Age Children.** Includes, but is not limited to tutoring, mentoring, homework club, art and recreational activities. *(Only for large family projects or other projects in which at least 25% of Low-Income Units are 3 bedrooms or larger). Minimum of 10 hours per week, offered weekdays throughout the school year.*

As used in these standards, “restricted units” means units subject to LACAHSa affordability restrictions and “restricted bedrooms” means bedrooms in such units. In all cases, to receive points pursuant to these standards, the services offered must be consistent with the type of project proposed. For example, senior projects should not include after-school programs or child care, and projects with a significant concentration of permanent supportive housing should include case management and service coordination if possible.

Exhibit I: Subordinate B-Note Repayment Details by Ownership Type

Net Cash Flow Payments During Term

The proceeds funding LACAHSAs Subordinate B-Note loans will be funded from an issuance of both tax-exempt and taxable bonds. Nonprofit developer applicants should meet the requirements of IRS Tax code related to 501(c)(3) tax exempt bonds. For profit owned projects will be funded with proceeds from the taxable tranche of the bond issuance. To maintain compliance with the IRS Code, repayment terms will be as follows, based on ownership type:

Net Cash Flow, defined as the property's Net Operating Income (effective gross income less the property's operating expenses and replacement reserve deposits) less senior debt service payments, will adhere to the following repayment waterfall based on ownership structure:

Nonprofit Owner and Nonprofit Developer

(Funded with Tax-Exempt Bond Proceeds)

1. 100% of Net cash flow to repay Deferred developer fee to the nonprofit developer until paid in full
2. 50% of remaining to repay LACAHSAs current interest payment, accrued interest, and principal until all is repaid.
3. Any remaining proceeds payable to the nonprofit owner.

Nonprofit Owner and For-Profit Fee Developer Non-Owner Partner

(Funded with Tax-Exempt Bond Proceeds)

1. 100% of remaining Net cash flow to repay Deferred developer fee to the for-profit fee developer non-owner partner
2. 50% of remaining to repay LACAHSAs current interest payment, accrued interest, and principal until all is repaid.
3. Any remaining proceeds payable to the nonprofit owner.

For-Profit Owner/Developer

(Funded with Taxable Bond Proceeds)

1. 100% of remaining Net cash flow to repay Deferred developer fee to for profit developer/owner.
2. 50% of remaining to repay LACAHSAs current interest payment, accrued interest, and principal until all is repaid.
3. Any remaining proceeds to the for-profit developer/owner.

Net Cash Flow Payments at Capital Event

Proceeds generated from a Capital Event, defined as a refinance or sale of the subject property, will adhere to the following waterfall:

Nonprofit Owner and Nonprofit Developer

(Funded with Tax-Exempt Bond Proceeds)

1. Senior debt unpaid principal balance repayment
2. Transaction Costs
3. Deferred developer fee repayment, if applicable, payable to nonprofit owner/ developer
4. LCAHSA Accrued Interest Repayment, if applicable
5. 35% of remaining net proceeds to repay LCAHSA unpaid principal balance. Any remaining unpaid balance will be assumable in sale scenario or will resubordinate to the new lender in a refinance scenario.
6. Any remaining proceeds after LCAHSA repayment payable to the nonprofit owner.

Nonprofit Owner and For-Profit Fee Developer Non-Owner Partner

(Funded with Tax-Exempt Bond Proceeds)

1. Senior debt unpaid principal balance repayment
2. Transaction Costs
3. Deferred developer fee repayment, if applicable, payable to for-profit (non-owner) fee developer
4. LCAHSA Accrued Interest Repayment, if applicable
5. 35% of remaining net proceeds to repay LCAHSA unpaid principal balance. Any remaining unpaid balance after 35% payment will be assumable in sale scenario or will resubordinate to the new lender in a refinance scenario.
6. Any remaining proceeds after LCAHSA repayment payable to the nonprofit owner.

For-Profit Owner/Developer

(Funded with Taxable Bond Proceeds)

1. Senior debt unpaid principal balance repayment
2. Transaction Costs
3. Deferred developer fee repayment, if applicable, payable to for-profit owner/ developer
4. LCAHSA Accrued Interest Repayment, if applicable
5. 35% of remaining net proceeds to repay LCAHSA unpaid principal balance. Any remaining unpaid balance after 35% payment will be assumable in sale scenario or will resubordinate to the new lender in a refinance scenario.
6. Any remaining proceeds will be payable to the for-profit owner/ developer
