

How do I find the total Measure A funds received by Eligible Jurisdictions in a selected month?

On the Distribution tab, use the “Period of Disbursement” filter in the top right-hand corner to filter for the desired month.

To further analyze the Distribution data, click on the name of the Eligible Jurisdiction, and the eligible use breakdown will be reflected in the “Breakdown” bar chart at the top.

To see the full, unrounded total, hover over the bar chart.
